

## Castro Valley Library Genealogy Group Notes – June 21, 2018

<http://cacvagg.bdgeorge.com>

Here are some topics discussed at our June 21<sup>st</sup> meeting.

1. World War II Memorial Site. View or add a family member.  
<https://www.wwiimemorial.com/>
2. Wild cards (\* and ?) are useful. If you are looking for an ancestor with a long last name. Like Woodworth Woodwo\* just in case it could be misspelled. You can use wild cards in a google search, FamilySearch and Ancestry.com. An asterisk looks for any number of characters. A question mark, for one character, or multiple question marks for specific numbers of characters. For example, search for Peters?n to find Petersen or Peterson.
3. Webinars are useful, for example the Illinois State Genealogy Society has multiple webinars.  
<https://ilgensoc.org/cpage.php?pt=227>  
Legacy Family Tree webinars have many:  
<https://familytreewebinars.com/>.
4. Also, 7 places to find genealogy courses and webinars online <https://familyhistorydaily.com/genealogy-resources/7-places-to-find-free-genealogy-courses-and-webinars-online/>
